## Supplemental Preliminary And indinent

**Examiner Thompson:** 

A preliminary amendment was submitted with an RCE. A notice of Non-Compliant Amendment was mailed July 7, 2003 because the claims were not numbered in numerical order. This supplemental amendment completely replaces the prior preliminary amendment and is compliant. Please amend the application is follows:

## In The Claims:

Claim 1 (Currently Amended): A stent delivery catheter conjurising:

a catheter having a distal end, the catheter including a balloon near its distal end;

a stent mounted for delivery onto the balloon,

the balloon being made of a material, which includes the material being made of at

least one radiopaque portion.

Claim 2 (Cancelled).
